

Telstar 14R

Broad coverage to serve growing markets in the Americas and over the Atlantic

- Three high powered Ku beams serve growing demand over key regions of South America:
 - Brazil
 - Southern Cone
 - Andean Region
- Unsurpassed coverage supporting maritime and aero services across the Atlantic with a single beam that extends from North America and the Caribbean to Europe and Africa
- High powered CONUS beam also provides extensive coverage of the Caribbean, Gulf of Mexico and US Coastal waters
